

	What have you accomplished since last scrum?	Are there any obstacles in the way of meeting your goal?	What will you accomplish before the next meeting?
Nick	Got sql running on my computer	Other time commitments, Capybara	Research issues with restaurant search system.
Tong	Nothing	Assignment due wednesday	Probably not much
Chris	Refactored some code, debugged some code.	Malloc lab.	Refactor some code, debug some code.
Aahad	Not present
Kevin	Refactored away ListManager class, refactored Restaurant parameters, encrypted passwords.	Restaurant system is a blackbox [and API calls exceeded], I can work with Nick to fix these.	Research API calls, run grocery list tests.
