

3/23/2019 -- 8:30 PM, Cafe 84, USC, Los Angeles, CA, 90089
Chris Hailey and Kevin Calaway

Chris developed the skeleton for the test functions, while Kevin wrote some of the first pseudocode. Chris and Kevin are developing on an incremental basis: Skeleton, then pseudocode, then real code.

3/24/2019 -- 8:30 PM, King Hall, USC, Los Angeles, CA, 90089
Chris Hailey and Kevin Calaway

Chris and Kevin meet again to bravely, courageously build the User, Query and LoginHelper classes for the login system, as well as provide a much-needed update to the ListManager class.
